

MCBA Family Bench Bar Meeting Follow Up:

5.6.2020

In response to the question asked about whether JEDS was 24 hours or not. JEDS can be accessed 24 / 7, the date filed will be up to 11:59pm of that day, anytime from midnight on, will be the following day for date filed. On weekends, if filing is submitted on Saturday or Sunday, will have a Monday date filed.

When there is an applicable fee with a filing, JEDS should provide a confirmation of payment. The user should be able to print the page out if they choose to.

LabCorp website discusses current COVID-19 info, as well they are conducting non-COVID 19 tests. I would suggest anyone that has questions about paternity testing (especially if Court Ordered) be referred to the LabCorp site for additional information.
